Chloe: **Try pulling** the door toward you while you turn it.

Patrick: That worked! Can we **stop to get** coffee on the way?

Patrick: Yes, I watched you. Now **stop worrying** and let's hit the road!

Study Notes

That was one time!

Có mỗi một lần thôi mà!

Câu tự bào chữa nửa đùa nửa thật khi bị nhắc lại một lỗi cũ.
Cách nói tương đương: It only happened once!

Let's hit the road!

Mình lên đường thôi!

"hit the road" là cách nói thân mật của "xuất phát, bắt đầu chuyến đi".
Cách nói tương đương: Let's get going!

Speak Like a Native track 2

1. And don't forget to lock the back door this time!

change: "don't forget" (mất âm t)
weak: "to"
strong: "lock", "this time"

Âm /t/ của "don't" mất trước "forget": "đôn-fơ-ghét". "forget to" chỉ đọc một âm /t/: "fơ-ghé-tơ". Nhấn "this time" với giọng trêu.

2. I'm trying to turn the key, but it's stuck.

weak: "to"
change: "but‿it's" (t → d nhẹ)
strong: "key", "stuck"

"trying to" đọc nhanh: "trai-ing-tơ". "but it's" nối thành "bơ-đits": âm /t/ giữa hai nguyên âm đọc thành "d" nhẹ. Nhấn "stuck" để than phiền.

3. Now stop worrying and let's hit the road!

linking: "worrying‿and"
change: "and let's" (mất âm d)
strong: "stop worrying", "road"

"worrying" đọc /ˈwɝːɪŋ/ "wơ-ri-ing", không phải "wo-ri". "and let's" đọc "ơn-lets". Âm /t/ của "hit" không bật ra trước "the".

- Âm /t/, /d/ cuối từ thường mất trước phụ âm: don't forget → "đôn-fơ-ghét".
- Hai âm /t/ đứng liền nhau chỉ đọc một lần: forget to → "fơ-ghé-tơ".
- "to" sau remember, forget, try thường đọc nhẹ /tə/; nhấn vào động từ phía sau: forget to LOCK.
